National University, Tejgaon College

Bachelor of Business Administration in Marketing (GPA: 3.4)

2023-Present

WORK EXPERIENCE

Stuneckt

India

Frontend Developer Intern

November 2023 - June 2024

- Spearheaded the development of Stuneckt's product, taking it from concept to a fully functional MVP in the social networking domain.
- Enhanced user experience by cutting page load times by 30% through server-side rendering and static site generation with Next.js.
- Crafted a sleek, fully responsive website, ensuring seamless performance across all devices.

PROJECTS

Apple iPhone | *ReactJS*

[Live](#) | [GitHub](#)

- Created **seamless and captivating animations** using GSAP to enhance user engagement and experience.
- Developed **dynamic 3D model rendering** for the iPhone 15 Pro, showcasing customizable colors and sizes for an interactive product display.
- Built a **custom video carousel** powered by GSAP, delivering an engaging and interactive media browsing experience.
- Ensured a **fully responsive design**, providing consistent accessibility and optimal viewing across all devices.

Animated Portfolio | *NextJS*

[Live](#) | [GitHub](#)

- Designed and developed a **modern, animated portfolio** leveraging Framer Motion to create smooth and engaging transitions.
- Implemented a **responsive design**, ensuring seamless user experiences across various devices and screen sizes.

E-Result | *MERN Stack*

[Live](#) | [GitHub](#)

Team project

- E-Result is an innovative online platform designed to provide students with quick and convenient access to their academic results.
- Designed an intuitive and engaging interface with **React** and **ES6**, ensuring smooth and delightful user interactions.
- Integrated **MongoDB** for efficient real-time data storage and retrieval, enhancing user flow and performance.

Music Guide | *MERN Stack*

[Live](#) | [GitHub](#)

- Designed and implemented **role-based dashboards** for Admins, Teachers, and Students, delivering tailored experiences for each user group.
- Integrated **JWT authentication** to establish a secure and reliable user authentication system.
- Utilized **Firebase Authentication** to provide seamless and user-friendly login experiences.
